

The **Top Dolomites Trail Run** is proud to be part of the **Europe Trail Cup**. Europe Trail Cup (ETC) brings together a selection of trail races across Slovenia, Slovakia, Italy, Poland, North Macedonia, and Croatia.

Each race stands on its own, shaped by its terrain, local community, and identity, but together they form a shared experience for runners who want more than just a single event.

ETC is about showing up across the season, discovering different environments, and staying consistent. It connects races and runners through a simple idea: keep moving, keep exploring, and be part of something that goes beyond one start line.
